

Carlson Filtration Distributors' Sales Bulletin

Carlson Web Site Review And Sales Literature Update – Please Tell Us What You Would Like To See

The April 2013 bulletin advised that the Carlson website was to be reviewed and updated. A new much more fundamental review/revision will be taking place over the next 2/3 months which will incorporate connections via Facebook, Twitter and a LinkedIn circle.

We would **really** welcome your views as to what changes and/or additions you would like to be incorporated in the new website – it is after all a tool for your use. Please e-mail whatever views or

comments you may have to Derek Partlin at: derekp@carlson.co.uk.

The new literature for CarlCarb, CarlBev and CarlSpirits together with CarlBrew and CarlVin will be available for download. A new CarlChem brochure will follow soon.

Again, if you have any comments relative to the content of the brochures please let us know. Do they provide the information you need? If not, what information do you need?

Come And See Us At ACHEMA

Carlson will be present at the Achema Exhibition in Frankfurt from June 15th – 19th inclusive but this time on a joint stand with our sister company Fil-trox AG.

The stand number is B16 in Hall 5.1 and we look forward to meeting you there.

New International Sales Manager

Jonathan Partlin has joined the company as International Sales Manager with initial responsibility for Europe and Far East.

Jonathan's background is in the legal profession - so an interesting change of direction!

Purity through quality™ since 1923
